Arnabs father was a BJP member and even contested polls from a bjp ticket. the way they promote ads, they would be much better with a corporate friendly govt.

So does the BJP. Remember how Newslaundry was to give us reasons for NAMO's withdrawal from the interview? They have now been silenced.

Let's now come to another famous CNN-IBN media personality who also writes columns frequently for Hindustan Times — Karan Thapar. What you may not know is that the Nehru family itself is related, through blood and marriages, to the high-profile Thapar family. India's Army chief during the 1962 debacle against China, Gen. P. N. Thapar, is brother-in-law of Nayantara Sehgal, the daughter of Vijaylakshmi Pandit and niece of Jawaharlal Nehru. Gen. Thapar's son is pro-Congress journalist Karan Thapar. Gen. Thapar's sister is Romila Thapar, a famous "top" typical JNU Nehruvian communist ideologue historian, who gets to write our textbooks and pollute them with pro-Congress Marxist propaganda.

Your rant against Romila Thapar is disgusting. She is one of the top most historians of ancient India respected all over the world. Perhaps BJP type voodoo historians can never attain such respect world wide makes you so zealous. Do not mix politics with academics.

In our History books we read and learn more about the Governor General's and Viceroy's of British India than any other Indian Ruler. These idiotas give nearly 3 pages to Warren Hastings and Wellesly each. But details about Chandra Gupta Maurya our First Recorded Emperor is squeezed into a single page. And what about Chanakya who is just mentioned in under a paragraph. "Chanakya Mauryan Minister and the man who wrote about Arthashasthra" Tadaaaaaaa. Thats Indian History for you folkss written by the likes of Romial Thapar. According to people
